

Town of Longboat Key & Aptim Environmental and Infrastructure Inc. Initial Sea Level Rise Assessment - Public Information and Feedback Survey

Introduction

There is a potential for long term sea level rise and associated recurrent flooding events to affect the quality of life and community safety in the Town of Longboat Key. Please rate the following list of consequences or criteria with your opinion of the importance of each to the community.

	<u>Importance</u>
A. <u>Social Consequences</u>	
1. Delayed response time of emergency vehicles	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
2. Temporary displacement of residents	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
3. Loss of access to parks and recreation areas	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
4. Loss of local businesses on the island	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
5. Flooding of residential streets (other than Gulf of Mexico Drive)	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
6. Disruption of public transportation (i.e. trolley service, etc.)	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
7. Disruption of public utilities (i.e. electrical, sewer, water)	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
B. <u>Environmental Consequences</u>	
1. Delays in residential trash pickup	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
2. Floating trash on the beaches and bay shorelines	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
3. Disruption in service of sewer system and safe drinking water	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
4. Loss of low-lying coastal land & associated environmental habitat	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
C. <u>Economic Consequences</u>	
1. Damage to flooded homes and businesses	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
2. Damage to public infrastructure (i.e. utilities, public buildings)	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
3. Reduced tourism	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
4. Increased insurance premiums	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
5. Decreased property values	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
6. Increased demands on Town resources and staff	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
D. <u>Actions</u>	
Actions to counter, mitigate, or prevent the effects of sea level rise and associated flooding should focus on:	
1. Upfront costs	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
2. Ongoing maintenance costs	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
3. Short-term return on investment (< 30 years)	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
4. Long-term return on investment (> 30 years)	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
5. Equitable distribution of benefits and costs to all residents	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
6. Strategies that are adaptable to address a range of SLR scenarios	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
7. Strategies that address multiple benefits	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
8. Collaborating with multiple governments	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
9. Establishing public and private collaborations	<input type="checkbox"/> High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input type="checkbox"/> Not
